GREEN PLUS

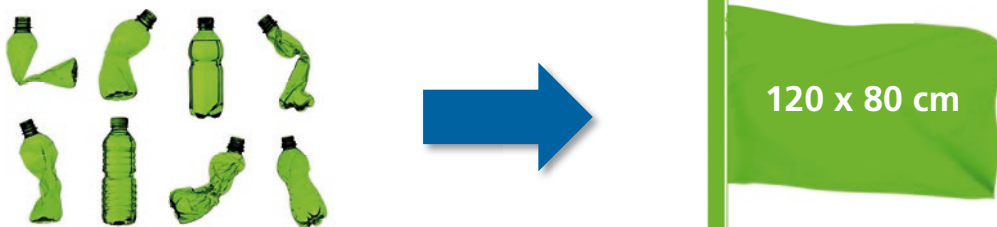

Advertise successfully and sustainably with highest quality

Sustainability and effective environmental protection are becoming increasingly important in the field of advertising. This is also the case at our company. Therefore, in addition to our well-known basic material range, you will now also receive sustainable, environmentally friendly advertising flags, club flags, banners, Bowflag® and many other products made from 100% recycled PET.

GREEN Plus: 100 % recycled, 100 % sustainable & 100 % quality

Those who rely on sustainability in advertising shouldn't have to forego quality. Thanks to our state-of-the-art printing processes, we are able to achieve a previously unattainable image resolution on both sides of the printed products with the highest level of lightfastness, even on recycled textiles. Convince yourself and work with us to set your GREEN Plus for more sustainability in advertising and leisure!
